We watch all this fabulous talent up on stage today, but we know where it really comes from:

YOU!

Kids can't be fabulous without some pretty fantastic people supporting them behind the scenes. It takes a lot of dedication and effort to keep healthy, happy, active kids going and fully engaged. We know it takes a village.

Our OCPA board of directors' village is small but mighty, and we have a lot of fun doing a lot of work. We donate our time and our resources to help make these performance opportunities possible. And even though our own children have grown too old for these camps, we can't seem to stop wanting to create more magic year after year.

But we need your help!

Yes, it takes a village, and with an entire village, many hands make light work. Do you have light work skills that could help us keep the magic going? We are looking for some specific skills that could help OCPA take that next step into a fully-staffed year-round conservatory.

Directors' Notes

Thank you for supporting Arts Education in our valley. Your being here today tells kids that what they love to do is supported by the adults of the community. What an affirmation!

I continue to direct for OCPA for one main reason and that is this non-profit offers quality instruction to ALL students, without consideration for prior experience or ability level. Each summer I am amazed at the final product offered to audiences knowing that the staff has made the effort to reach students WHERE THEY ARE. Our performances might have kinks, but knowing that all campers have made such strides forward as they develop self-confidence as performers makes my job worth while. I am proud of each and every one of them! Bravo tutti!

Again, a huge thanks to our Musical Director Marcia, who constantly strives for excellence and who really shares this Director job with me. Hugs to our wonderful SM, Laura, and thanks to our newer Camper Wranglers, Grace and Matthew, who did a fantastic job. Finally, kudos to Mr. Tabler who is unwavering in his commitment to this company and Arts Education in the Rogue Valley.

Enjoy the show and thank you for encouraging our young ones.

Jeff Tabler, Artistic Director

Founded in 1998, Oregon Conservatory of Performing Arts was founded by two local high school teachers felt there was a need to offer kids theatre experiences beyond what was found in the public schools, where arts were being curtailed or eliminated. The two brought together a number of artists and teachers to bring the arts alive in the lives of students.

Our Mission

The mission of the Oregon Conservatory of Performing Arts is to keep the performing arts alive and within reach of everyone in our community.

Our Values

We believe that all young people should have the opportunity to experience the theatre arts — that a complete education involves knowledge of the arts and participation in them. We teach the process of theatre, helping kids develop self-esteem and communication skills through creativity and teamwork.

CCPA Show Trivia:

Since 2009's production of *Treasure Island*, we have covertly
tried to include a rubber chicken onstage somewhere, or use him
as a gag prop, in almost every show. Can you spot him?

From the Musical Director

It has been a pleasure working with the cast of "Summer Camp." This play is a true ensemble piece. There are no big 'star' roles, but that gives everyone a chance to be a star. Mr. Brock is especially good at bringing everything possible out of the script, making this show very funny and captivating.

I'm happy to again be a part of the staff of an OCPA camp. We have such talented people here, from all of our kid-wrangers to Jordan, Laura, and Mrs. Brock. I hope everyone enjoys the show as much as we have enjoyed working on it.
