Director's Notes

Welcome and thank you coming out to support yet another production of the OCPA Classical Theater Camp! I love Classical Theater! I love doing it, watching it, teaching it, directing it; everything about it. I think it's the most challenging form of theater. I truly believe that if one can conquer classical theater; one can conquer any form of theater.

I love watching the young performers "get it". Sometimes it happens in a moment; sometimes a week; sometimes three weeks; sometimes longer; but they always eventually "get it". The actors in our company have various levels of experience and skill; but they all want to "get it".

So I thank you for having the opportunity to work with "these few, these happy few". As always, I have learned some important lessons about theater and life as I hope I've been able to impart onto the students. Every year I feel we get better at this. I look forward to the Magic of Theater occurring through these performances and these two casts. And I look forward to that Magic continuing to reveal itself in future camps ever more brightly with each passing season.

~Tyrone Wilson

Our Mission

The mission of the Oregon Conservatory of Performing Arts is to keep the performing arts alive and within reach of everyone in our community.

Our Values

We believe that all young people should have the opportunity to experience the theatre arts — that a complete education involves knowledge of the arts and participation in them. We teach the process of theatre, helping kids develop self-esteem and communication skills through creativity and teamwork.
